

Pastor Jimmy Witcher:

Well, good evening, everyone. And welcome to church. It's so great to be with you. So great to be doing this Zion Night together. And I just want to remind you, as we're getting into Zion, we've got all of our prayer times. You should have gotten your email today. If you haven't signed up and you want to be part of our email prayer, remember just go to tfc.org/subscribe and we'll get you in the system. And make sure you got that. You should have gotten one this afternoon explaining things. You'll get a prayer out this evening. And then every day for the next six days, a little prayer will come to you. I believe there's something that's going to happen as we pray together. Also want to remind you that we're together in a fast. And so want to encourage you to be fasting something over the next seven days, but particularly fasting from media and from social media and those things that are just our distractions. Just those things that take our time so that we can focus in on the Lord.

And then finally, also want to remind you about our weekly prayer times, live at every single campus as well as live online, is going to be noon this week from Monday through Thursday. And want to encourage you to be a part of that. And if you're at work or you're not able to come, we totally understand that. Join us online. Just grab your iPhone, get your AirPods in, and take your lunch break, and let's pray together. I just believe that as we are praying and seeking God together as a church, that he's going to set us up for what we need in 2025. And it's going to be an incredible year.

Well, we're super excited to have Chuck Pierce with us this afternoon. Kim and I were listening to Pastor Chuck's message from 2024, just exactly a year ago. And I had forgotten parts of it. I don't know how many of you ... How many of you were here for Chuck's word last year? Raise your hand. How many of you? All right. So if you remember, he talked about the four winds and they were coming in and a picture of the tornado. And then the very next night, a storm came in and tried to wipe the north panhandle off the map. Y'all remember that last year? And it was just incredible. I-40 was closed going west, and all of the roads were closed going north out of Amarillo. It was just an incredible ... And we were like, "Okay. Well, I guess Chuck knows what he's talking about."

So we're always so excited to have Pastor Chuck with us. And he is just a dear, dear friend of ours as well as a dear friend of Trinity Fellowship. And if Chuck's with us, can we go ahead and pull Pastor Chuck up on the screen? There he is. Hey, Chuck. It's so good to see you. Yeah. Let's welcome him.

Chuck Pierce:

Blessings, guys. Blessings.

Pastor Jimmy Witcher:

We were so hoping to have Chuck here this afternoon, but American Airlines had different plans, Chuck. I actually looked at your flight right before I came. And I think you would be on approach right about now if you had stayed on that flight. So I'm so glad that we made this shift

and I'm so thankful for technology that lets you be with us. We love you, my friend. And I'll just turn it over to you. Thank you so much for taking this time to be with us.

Chuck Pierce:

Blessings. Blessings to each one of you there. What a blessing. And it is such a blessing to be able to be with you. We got to the airport and we went to one gate. Then they moved us to another gate. Then they moved us after another hour to another gate. And I finally said, "I've got to get through the gate at Amarillo." So here we are. And thank God, as Jimmy said, that we have the ability to bring the Word into the place that the Lord wants the Word to get. The enemy really doesn't have ... His main strategy is to change time and law. And I'm just thankful that we are not allowing him to shift this Word out of time. I want to also thank God for the musicians, the singers, and the worship. Let's just stop right now and thank God and bless them. Just give them a clap offering for that.

That was incredible. Now, the Lord gave me a word for you for the year ahead. And we have entered one of the most changing years we will ever experience. And I was really seeking Him over you guys. And as I was seeking Him, the Lord gave me this Word from Psalm 16, and He said, "You shall show me the path of life." Verse 11. "And in your presence is fullness of joy. At your right hand, there are pleasures forevermore." And the Lord said, "This is a year for My presence to overwhelm Trinity in Amarillo." And so I began to ask the Lord what was he saying. What is he saying to you as a people, to the leadership there, to the area there? Because see, the prophetic Word works in our lives personally, and then it works corporately, then territorially, and then generationally.

And so the Lord said this, "David's Tabernacle will be restored and a portal of heaven will align over Amarillo." Now, that is a big word that I want to try to bring you into tonight. Now, with that, we want to see that the time is now. We are warring, for you are absolutely in a war for your promise. But really what we do is we war to enter into rest. And once we get into rest, we have the ability from our abiding place to really secure the promise that God has for our life. The prophetic Word gives us hope. And don't be afraid of the prophetic Word. Really, the prophetic Word is God himself through His Son and by His Spirit expressing His heart and His mind to us. And the prophetic Word gives us hope and causes us to have faith to press and reach for our destiny.

Now, we wage a good war from the prophecies that have been made to us. That's what 1 Timothy said. And the Lord through Paul encouraged Timothy, "I don't want you to have any fear. I want you ... Because you'll get unsound in your thinking. And I want you to move in the same faith that your grandmother and your mother moved in. And I want you to do war with your prophetic Word." Now, with that, here's what really the Lord is saying to me, that the presence of God is going to come into Trinity in such a way that will cause you to progress toward the land of fruitfulness that God has for you this year. I see a new level of fruitfulness coming to you.

And one of the things the Lord had to do in me was remind me on November the third what he was really saying to us. Because if you'll remember in my testimony, and I've written three books, three, four books on this, but in 1986, God visited me, the Spirit of the Lord visited me. And he showed me in 10-year increments what would happen through 2026. In 2008, He visited me in New Jersey and He showed me actually where America was state by state by state. And

every state had a new movement, He said, that would begin in 2020. And that every state had key places that would rise up to be houses for His glory. He called them freedom outposts, but really they were like castles filled with glory. And I know since that time, he was talking about Apostolic centers and territories. But every territory also and every state had thrones of iniquity that were warring against what God wanted to do. Now, remember, God showed me in '86 in 10-year increments through 2026.

In 2008 when he visited me and he showed me what I just shared with you, I said, "How will America come into its destiny? How will America make it in days ahead?" And the Lord spoke to me in 2008, He said, "They will have to learn to play the trump card." Well, some way or another, prophetically, I began to make the connection that there would come a time, because President Obama had just come into Office, that Donald Trump would be President. I wrote this in books before this ever happened. And then when He showed me Mr. Trump becoming President, He showed me he would only be in Office three and a half years. And Dutch was sharing this at our conference this weekend. And then there would be a period where that would not exist and he would not be in Office, but there would be a war intensify in America, and America would go into its battle for its future.

Now, I believe over the last four years, we have seen battles intensify. My problem came because I would have people say, "Has the Lord ever shown you past 2026?" And I would say, "Well, I know we're going to make it to 2026, but I don't know exactly what the Lord is saying past 2026." And so on November the third during the night at 3:00 AM the day of the election, the Lord awakened me and He said to me, "I am extending time." And then He said the word Hezekiah. So the Word of God is part of my life. I ponder the Word of God. He had told me, and when I was 18, "I want you to be able to read the Word of God without opening the book. I want you to be able to go from Genesis to Revelation and know when I'm speaking to you." And so I started thinking about Hezekiah and I said, "Lord, well, Hezekiah was a good king. He did Passover. He actually extended Passover, did it for two weeks."

And I started going through his life and I said, "But he did make some mistakes. Lord, how are You saying Hezekiah to me?" And all of a sudden at 04:00 AM, I got a call from Israel. This is how important it is that you know. It is more important for you to hear God than you even know. He will make sure. I don't want you to be afraid this year that you're going to miss God. You're not going to miss Him. He will make sure you hear Him. And I got a call from Israel, and the call from the leader there said, "The Lord told me to call you now." Even knowing the time we were here at 04:00 AM. "And say, "Tell him I am saying Hezekiah to him."" And as I went through the Word of God, I got to a place in Isaiah where they were in a tremendous warfare, and Sennacherib was coming against Israel and Judah.

And the threat was, "We've taken out every other God from every other nation. We'll take your God out next." And he even said to the people, "Don't let Hezekiah try to convince you that God is on your side." And as I began to read, I got through and I looked, and all of a sudden the Prophet Isaiah rises up and he begins to release a prophetic Word to Hezekiah. He says, "This shall be a sign for you. You shall eat the year such as grows of itself." Well, I already knew we had entered in the Hebrew year of that [inaudible 00:14:03] with five. 5785, we were approaching 2025. "And the second year what springs from the same. Also, I want you to know in the third year, I want you to sow and reap." All of a sudden I jumped up from where I was seeking the Lord and the Lord had taken me into 2026. And all of a sudden He just fell on me

showing me how to pray and how to decree a receding of the leadership for America's next season.

We came here, we had a prayer meeting, an incredible prayer meeting. And here's what I want to say to you. The Lord has extended time on our behalf here in America so that we can enter into a glory realm and an awakening that we have never known before. Now, let's look at some things and understand where we really are. See, in September of 2019 at Rosh Hashanah, we entered into an era of war. It's called the pay era, 10 years of intense warfare. And all of you remember what happened in 2020. And every year, there's been an intensity that has created conflict in our lives. And it's a kingdom war. It's not a war, but yet, you know that we always have to watch Israel.

Last year in this era of war, Israel, in October, a year before, went into the war. And you began to see the nations all realign, including our nation realign. And we are in now halfway through this era of conflict. And God is saying, "I'm going to extend time in this era so that you will prosper in a way you've not prospered and didn't think you were going to prosper." All of a sudden on November 4th, something happened. And I don't think it's just the election of a President. All of a sudden God extended mercy to us to say, "I am going to extend you into a new season and push you beyond where you are so you can grab hold of the ultimate promise that I have promised you." And with that, it's been important that we process how he's telling us to do that.

See, the real war over these last five years is who will we be, as an individual, as a corporate people when we gather. Will we remain being just a church which can be fellowship? Or it can become the warring agent of the region. And we've all been going through tests. And the real issue is who will we be? What is our identity? What will our testimony of the Lord over our testings be? How will faith cause us to rise up, as Kim was saying, past hope deferred with a new expectation that God Himself has a plan for us?

And what I see at this midpoint of this era that we have entered and this decade that we're living in is the Lord is saying, "This year, you need to watch for amazing turn of events. I will be turning and turning and turning. You will begin to see me. But My call to you is to establish My presence in your midst." Now, remember what this whole era is about. How will we use our voice? How will we recognize that we are in progress? We are going through a process to get us to the place God has us. How will we continue to rehearse all the blessings that the Lord is saying? Because see, the more you repeat the Will of God for your life and your territory and your family, the more your life will be reshaped and conformed and broken out of the conformity the enemy has and reshaped and transformed into the glory realm that God has for you.

And the real issue is a speaking triumph as we go forward. See, the word triumph actually means playing the trump card. See, I'm a card player. I can go back to when I was five years old, playing and knowing that there would be a card that could trump over anything my opponent was playing. The Lord is saying, "I am developing My people so they know how to use My word to trump over what the enemy is attempting to say and do about them." Now, that brings us to this year. See, this year, five is an incredible number for us to understand. Five is linked with grace. Doesn't matter which calendar you're in, whether you're in our calendar, in our culture 2025, or the Hebrew calendar, you're still in five.

But from the Hebrew calendar, which is a whole language, we can get a better picture. Because last year was about going through the door that God has for us. This year, five is always linked with grace. But another word that five is linked with in the Word of God is high places. So this is a year that the Lord is giving us a supernatural grace to overthrow things that have ruled in our bloodline in the past, things that have ruled in our territory in the past, things that have ruled in this nation in the past, and that was trying to develop the rule of this nation for the future. It's amazing the moment we're in.

Now, let me show you this. Because see, when you're talking about a grace, you're talking about a year of abundant grace. Now, that means we are in a place that we can accept God's goodness and His kindness. That's what really it's about. You can't work for it. And what the scripture the Lord gave me was, "And God is able to make all grace." Now, all of you out there say, "All grace." Every favor you need, every earthly blessing you need, come into abundance so that you may, under all circumstances, regardless of the need, have complete sufficiency in everything, being completely self-sufficient in Him and not in your own strength, and have an abundance for your good work and act of charity. And one of the things I saw over Trinity is the Lord is going to break you into new areas of good work and he's going to give you supernatural ability to break into those areas. And there's going to come a time where you will be known in the entire territory for your acts of charity.

We are in a year of abundant grace. Just like you read about in the book of Acts, this grace that will cause us to do things we've never been able to do before. Now, here's another passage the Lord gave me for us. I was thinking about this when Kim was praying for us. See, grace is going to give you joy in the midst of your intense trials. And out of that joy, you're going to have a new strength rise up. I read the whole book of Matthew this past couple of days. And this was one of the verses that the Lord quickened in me. "Are you tired? Worn out? Burned out on religion? Come to me. Get away with me and you'll recover your life." In other words, I've got a place for you to come to where divine recovery is planned.

"I'll show you how to take a real rest." Jimmy just decreed that over us. "Walk with me. Work with me. Watch how I do. Lean and learn. Lean on and learn the unforced rhythms of grace." In other words, don't force yourself. Get in the movement of grace around you. I want you to stop for a moment. I want you to lift your hands and say, "Lord, get me in the unforced rhythm of grace." Then He says in this verse, "I won't lay anything heavy or ill-fitting on you. Keep company with me and you'll learn to live freely and lightly."

This is a word for this year. In the intensity of the time we're living in, going into a year of more changes than we have seen in a long time, in the history of our nation that we're a part of. And the Lord is saying, "You're going to learn to live freely and lightly and worship me in a way you have never really entered into. And I have a time now of unprecedented kindness. And My heart is turned towards you. And if you'll just enter in, you'll experience what I have for you." That is an amazing, amazing promise. See, because you put all this together and it's almost like David when it was time for his anointing, his first anointing to kick in. And remember, really the best way of understanding what's ahead for us with grace and high places, this is a year that your Goliath can be dethroned.

And remember what Goliath did. Goliath, for 40 days, controlled the atmosphere of the territory to convince them they would not be able to win the war ahead. The Lord said, "I am telling you tonight, over these next 40 days, you are going to develop an awareness of My

presence in such a way that the atmosphere will completely shift wherever you walk. And Trinity is going to be known as a house of My presence." You're a wonderful church. One of the best churches I get to go to. And it has been an honor to begin my whole year there. And usually, my first message of the year comes to you because I just administrate this gathering, this large gathering we have here.

And God is saying, "You're going to be a house of My presence and will be known for the atmospheric rule that comes from this house. Whether you walk into the cattle barn, onto the fields, wherever you are, I am going to do such a work with My presence in Trinity that it causes the presence, My presence, to change the entire atmosphere and all of you satellites that are connected to this Apostolic center." The Lord says, "The same Word is coming to you." It's amazing what God is doing. See, this is really a picture of what the year looks like. See, where last year was a door, this year is a window, but it's the window of heaven becoming available and the Word of God and the Spirit of Revelation pouring down into us in such a way that wherever we walk, we carry the presence of heaven.

And when I think of Trinity and its impact, think of how you will be the Tabernacle of David for an entire region and outreaching that will create the influence from the presence there all over. All of a sudden I saw the territory extended. The Word is, "I am extending time and I'm extending boundaries." Trinity, this is such a year for you. And it was almost today, the Lord said, "You're not going to go out there and tell them that. I'm going to make sure they don't understand." The Devil was saying, "I'm going to make sure they don't understand the Will of God for them this year." And the Lord says to you, "The Word to you is you will be a center for My presence. And I will develop it. I will supernaturally develop that for you."

See, once we see this, God is starting a moment where all of a sudden He is creating a new action line where heaven and earth is aligning. And one of those action lines that He talks about in Psalms 19 is right over Trinity Fellowship in Amarillo. And from that, once you start hearing Him in a new way, all of a sudden the miracle, the miracle comes the moment you hear it. And you will start seeing supernaturally things happen that you've been warring against in other seasons. And a supernatural grace will bring breakthrough in this season. See, one of the things that I knew when God showed me in '86, it was by 2026, heaven and earth, the gap between heaven and earth would become much more thin. Now, that means someone has to rule the atmosphere.

You need to say right now, "God, through us, are going to demonstrate His power in this region." Then you need to shout, "His promises are on the way." See, it's amazing what he's saying. So let me get to the end of this for you. See, in the Word of God, there's a promise. It came through the bloodline of Judah that there would always be someone from Judah's bloodline to sit on the throne. David, after three anointings, fulfilled that. David, the real war for David was to get the ark position. See, that was the only difference between he and Saul. Saul was a handsome king. He could prophesy. But Saul did not have a heart to align fully with the Lord to get his ark in place. David did. He did it very unconventionally, but he got the ark in place, and the ark was in place. And David's Tabernacle, out of his Tabernacle, from the presence of God came the strategies, the treasurers, the military officers. It wasn't just praise and worship. Musicians, singers, dancers, scribes all revolved around that ark.

The Lord says, "I am bringing My people back into a place where they are revolving around My presence." And the singers knew how to use sound to go to war. It's amazing. And for the Lord

to say Trinity is going to ... It is so important that my ark is established in that Amarillo area. And He's looking at Trinity to be a house for His presence in this year. I decree that everything you do will start revolving around this ark. Now, remember, David's Tabernacle fell. Amos prophesied David's Tabernacle will be rebuilt. That which is fallen will rise back up. And even all of Edom, the gentiles will be drawn to it. We get to Acts with the church. As the church was developing, the key leaders had to decide on one thing, first and foremost, the Tabernacle of David being rebuilt and central to their operations.

Now, lots of teaching on the Tabernacle of David. I don't want to do that. I'm not that type of minister. God has brought me tonight to say He wants you to be a house for His presence. He wants His presence to so be permeating through each one of you. And where you walk, that it will be known that Trinity Fellowship is a center for His presence, for His glory, for what He's longing to do. Then here's what I see for all of us right now. See, after 70 years, the Lord returned, visited John on Patmos Island. And what He did was He looked at the key churches of the area, of the region, and He evaluated each one and He gave them all instruction to say, "And if you will hear what the Spirit is saying to the church, you will overcome." And then He said to John, "Now, you come up here and go beyond and see the future."

Really, that's what year is about. See, it's about us moving from the access we've had into a place of vision that is going to show us the Lord in our midst, working in a way we've never seen Him work before. That His presence is going to be able. And John heard a sound like a trumpet, and the Lord began to say, "Let Me show you what will come." See, this is a season. The Lord said in 2008, "I'm going to teach ... My people will have to learn how to play the trump card." He said, "A new move of God will begin from state to state in 2020." And then He said to me, and many of you have seen that, that by 2024, He would be evaluating every state, very much like the way He evaluated a territory based upon the vibrancy of the church.

It's amazing the moment we're living in. And then He said, "It is important that David's Tabernacle be restored and a portal of heaven aligned over Amarillo." You are so key for the future of how this nation operates, but you're more key to be a house that will experience and model the power of His glory, the presence of God. And I want to say to you, this year is going to be a year of Him intervening with you so that you become a model of His presence. Now, you've got incredible teachers out there. You've got incredible leaders out there. They will be able to help you understand week, by week, by week, how the presence of God is going to extend your boundaries and cause an awakening. And you will become a hub for God's presence and glory in that area. You're in a wonderful, wonderful place. And so with that, I decree right now ... All of you stand up with me.

I decree right now an awareness of God's presence permeating each person that walks into this incredible place called Trinity. I decree that everything that is trying to war against God's presence, there will be an overcoming spirit rise up, and the testimony of God will begin to advance in that area in a way like never before. Father, I pray over everyone that is listening, wherever you are, in other places, that you will be aware of the dynamic access to God's kindness and grace that you have this year. He is going and longing to meet you in a way He has never met you before. And Trinity, the Lord says, "I want to fill that place with My presence in a way that whoever walks in it will be awakened to the glory that I am offering them this year." I bless each one of you. I thank God for you. And I'm telling you, the eye of the Lord is on you this year. God bless you.

Pastor Jimmy Witcher:

Pastor Chuck, just thank you so much. Do you receive that Word from Pastor Chuck? It's an incredible Word. And do you see the pattern of God's presence that's developing throughout Zion? I love to see how God does that. So this is a year of pursuing God's presence like we never had before. We love you, Chuck. Thank you so much for being with us.

Chuck Pierce:

Bless you.

Pastor Jimmy Witcher:

At this time, I'm going to turn it over to all of our campus pastors as well to dismiss your congregations. For you guys, I want to pray a blessing over us. I want to pray a blessing over all of us. But also want to let you know two things. One is we have a book table out. Chuck sent a whole bunch of books. Some incredible literature, he's incredible author. Give you a lot of background on many of the things that he talked about, as he's talking about 2020 going forward. If you're interested in any of that, please stop by the book table.

And then also want to remind you, this is why we're doing prayer, and this is why we're doing our noontime prayer, our prayer together as a church. I want to encourage you, please be a part of that. This is a year of pursuing the presence of God to see a transforming work that He's going to do in all of us. Father, I just pray for everybody here, pray Your blessings on us. Thank you for Your goodness and Your grace and Your mercy that follow us. Be with us, fill us, and let us take this Word into our spirits and let it be transformative in us, as we see this year of a year of pursuing You in Your presence. In Jesus' name we pray, amen. Amen. God bless you guys. We'll see you for prayer. And then Wednesday night, a time of gathering to seek God's presence. Love you.
